

Press Release:

**GOT A SWEET TOOTH? SO DO WE! WHY NOT TRY
"A PEACH IN A PEAR TREE"!**

There are no limits to what can be created with a whisk, eggs, flour and sugar. Here, a HR guru turned cake sculpting fanatic knows just what to do. Leaving the corporate world behind for her Kitchen Aid mixer, owner Alicia Darnell began turning out delicious sugary confections in 2008. Since then she has trained with the likes of seasoned cake professionals such as Bronwen Weber (frostedart.com) and Colette Peters (colettescakes.com) to name a few. Her motto is "In order to be the best, you have to train and work with the best!"

A Peach in a Pear Tree offers both traditional and unique artistic treats that can range from simple to intricate designs. Alicia had a desire to bring fresh, delicious southern-style desserts to the Richmond area, to introduce residents to traditional taste. A Peach in a Pear Tree's signature Alberta's Caramel Pound Cake is so sacred, it is trademarked. That is one of the many delicious treats individuals can expect to enjoy.

From pound cakes to wedding cakes, she can do it all. Let the sweet visions of fluffy buttercream swirls fill your head as your imagination guides you to the perfect dessert for any occasion!
